

Abhishek Das

As an MBA in HRM having completed graduation in Civil Engineering, I worked for 3 years as an HR professional in the corporate sector in a leading Indian Health Insurance company, and leveraged my technical knowledge & applied my skills fruitfully. As a then newcomer in the industry, I was always open to learning and went on the little extra mile to achieve my goals. However, I took a life-changing decision to engage myself professionally in the Public Sector to serve the people in my State and by extension my Country.
